Companies with more than 10 products will be billed \$1275 for the first year's subscription. Companies with fewer than 10 products will begin their subscription at \$275. The number of labels in the ALSTAR repository will determine your company's tier level for subsequent years. Free access to the most current version of all state accepted labels is provided through the NPIRS [State Public](#) website. Access to ALL accepted label versions is available through an [NSPIRS subscription](#) at a rate of \$1275 per year. Please complete the required billing and accounts payable contact information in order that you can be billed for the ALSTAR subscription. Print all information.

Company Standards for ALSTAR Participation

Companies participating in the Accepted Labels State Tracking and Repository (ALSTAR) project at Purdue University agree to:

- adhere to the technical standards as outlined in the white paper entitled, "Preparing PDF Files for ALSTAR" located on the ALSTAR website
- adhere to state ALSTAR preferences identified in state profiles
- submit labels through ALSTAR to all states participants

The primary contact for a company will submit a signed subscription form agreeing to the above Standards for ALSTAR Participation on behalf of their company ALSTAR participants. Companies who cancel their ALSTAR subscription agree that all electronic labels will be removed from the ALSTAR database and any links will be removed from the NPIRS websites. The Standards Committee reserves the right to remove any company not adhering to the ALSTAR company standards.

Purdue University will invoice annually for the ALSTAR subscription fee. Please do NOT send fees with your subscription application. Purchase orders, contracts, agreements, etc. have to be reviewed and approved by Purdue University's Contract and Grant Business Affairs office prior to start of a new subscription.

I have reviewed the current ALSTAR subscription rates and authorize payment of charges incurred. I have also reviewed the Company Standards for ALSTAR Participation and agree to abide by the standards. I understand that ALSTAR information is the intellectual property of CERIS and Purdue University. I agree that I will not reformat, reuse, or redistribute any ALSTAR information for commercial use, paid or otherwise without prior, written permission from the National Pesticide Information Retrieval System at CERIS.
