

Web Access:

<https://www.npirs.org/>

Logging in:

To log into the NPIRS subscription site you will need an active account as well as a user name and password set-up in the CAS system

Building a search Query:

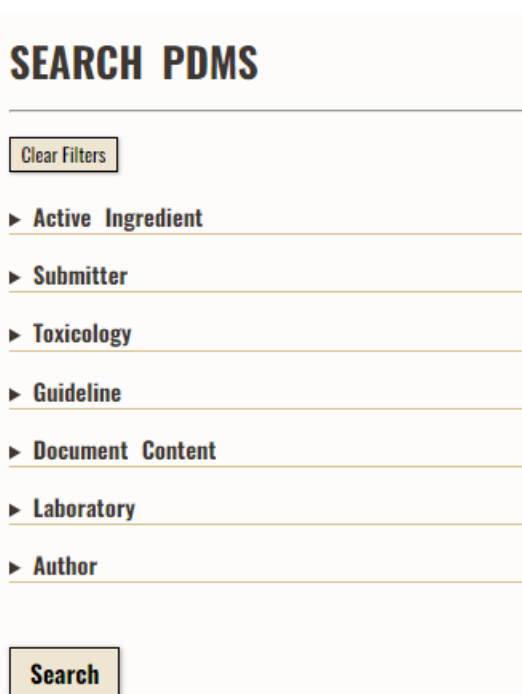

Once logged into the NPIRS site you will want to go to the respective database search page: PDMS, Federal Product, OR State Product.

A “Search” in the NPIRS subscription system will be defined as the collection of information displayed once a user has identified the criteria for the query and submitted it for the results. In addition, since a “refined search” alters the results of an initial search it therefore counts as a separate search.

Each database can be searched by any combination query information.

**A look into PDMS:**

Categorized search fields that drop down to allow for data input or selection:

The screenshot shows a web interface titled "SEARCH PDMS". At the top left is a "Clear Filters" button. Below it is a list of search categories, each with a right-pointing triangle icon and a horizontal line underneath:

- ▶ Active Ingredient
- ▶ Submitter
- ▶ Toxicology
- ▶ Guideline
- ▶ Document Content
- ▶ Laboratory
- ▶ Author

At the bottom of the list is a "Search" button.

Each category expands for additional fields with drop down options to make for simple criteria selection:

## A look into Searching State Products:

- Ability to view state registration information by clicking on a specific state.
- Can select which state data you would like to search.

## SEARCH STATE PRODUCTS

Categorized search fields that drop down to allow for data input or selection:

A screenshot of a search interface. At the top left is a "Clear Filters" button. Below it is a "State" section with a dropdown menu showing "New Mexico". A list of search categories follows, each with a right-pointing arrow: "State Registration Data", "EPA Registration Data", "EPA Company", "Active Ingredient", "Site of Application", "Pest to be Controlled", and "Other Options". At the bottom left is a "Search" button.

- Expandable windows by clicking and pulling the lower right corner.

A screenshot of the same search interface, but with the "State Registration Data" section expanded. The "State" dropdown still shows "New Mexico". The "State Registration Data" section contains four input fields: "State Product Number", "State Company Name", "State Brand Name", and "Year of Last Registration". The "State Company Name" field is active, showing "MONSANTO COMPANY (State Co. #: 244)" and a dropdown arrow. A yellow circle highlights the lower right corner of this field. Below the field, a message reads: "After 2 characters a list of options will appear, please select at least one from the list." A dropdown menu is open, listing registration types: "Regular - Section 3 Registrations" (highlighted), "Special Local Needs (SLN) - Section 24(c) Registrations", "FIFRA 25(b) Exempt Registrations", "Devices", "Co-Pack, Multi-Pack, Kit", "Adjuvants", "EUP - Section 5 Registrations", and "Exempt - Section 18 Registrations". Below this are sections for "Site of Application", "Pest to be Controlled", "Other Options", and "Saved Searches". The "Saved Searches" section has two dropdown menus for "Use a saved search" and "Delete a saved search", both set to "No Selection", and a "Delete" button. A "Search" button is at the bottom left.
